## Ole-Petter Arneberg

### *Pit*

After seeing a picture of a hanged princess on Facebook, Pit slowly falls apart. He tries working at a mental institution and holding on to his beloved and safe Celine. Until Evi turns up, and his concepts about how a life should look and be are lost. Is this the REAL real love? Or is it more like a Playstation 4 game with him as the only protagonist? If that is the case, it has to be fun – right? But how can Pit be 4 REAL in our world and in our way of living?
