Mulysses

Mule Boy goes to sea. And his travels go about as well as they do for many other boys on their first journey: poverty forces him on a dangerous trip with an eccentric adventurer who is searching for the eye of a sea monster. We follow Mule Boy's dangerous journey through the comic book format. We take part in the emotional gusts he undergoes – far from home, under an unpredictable captain and dealing with the strong feelings for a blind passenger that gradually start to appear.
