The Day Nothing Happened

Playful drawings and visual humor from an awardwinning creator of illustrated books.

The Day Nothing Happened is about the fox's big secret. For what does the fox really have in his rucksack? And why do the other animals want what he has?

This illustrated book awakens recognisable emotions in young and old such as arrogance, envy and suspicion. What happens when we let our strongest emotions take over? Probably a lot more than just NOTHING.

You had better keep up the pace when Moseng takes us on a hunt for the truth about the fox and what is in his rucksack!
