Speed and strength in nature

Close encounter with Norway's most powerful animals!

In this unique book, we get a close-up look at Norway's fastest and strongest animals. What exactly is speed and strength in nature? Why is it so important in the animal world? Does the strongest and fastest always win? Easily accessible facts from an award-winning communicator, paired with award-winning photographs make this book a very special experience with a wide reach.

Ole Mathismoen (b. 1961) is one of Norway's foremost journalists on environmental and climate issues. He has written several books on environmental protection. His books *What's with the climate?* (2019) and *Green Stuff: Nature and environment and things* (2018) were both nominated for the Brageprisen (the National Book Award).

Tom Schandy (b. 1962) is an award-winning nature photographer, journalist, editor, author and publisher. He is a member of the Association of Norwegian Nature Photographers and affiliated with the photo agency Samfoto. Schandy has been the editor of WWF-Norway's magazine *Verdens natur / The world of nature*, and in 2010 became co-editor of the newly started magazine, *Natur og Foto / Nature & Photograph*
