TROLLHEIM – The Curse in Troll Forest

TROLLHEIM is a bestselling and award-winning book series for voracious readers aged 8–13. In Norway alone, the books have sold 80,000 copies. The author, ARNE LINDMO, has won two awards voted on by thousands of young readers, and the illustrator has received a prize for her illustrations from the Ministry of Culture. TROLLHEIM consistently ranks on Norway's bestseller lists. The story has universal appeal, can be enjoyed anywhere, and possesses excellent cinematic qualities

TROLLHEIM – THE CURSE IN TROLL FOREST is the sixth book in the series and the blurb goes like this:

Tara's parents want to buy a new cabin, but it's suspiciously cheap. Tara volunteers to test the cabin for a week. She looks forward to starting her summer vacation with a cozy cabin trip with all her friends. She's especially excited to spend time with Tobias. But the cabin hides a gruesome secret—a curse. And deep inside Troll Forest, miles from the nearest neighbor and without phone coverage, the group of friends begins to realize that something is terribly wrong...

Stand alone Christmas title:
The Christmas Heist by Lindmo & Skjelbakken

Arne Lindmo, Ida Skjelbakken (ill.)

Author ARNE LINDMO was born in Norway in 1981. He worked for 10 years as a middle-grade teacher before he made his debut as an author. While teaching, he would think up a beginning and an end for a story every day that he could tell the students if there was time during the school day – and there often was! The children loved Arne's stories! So, as you understand, he knows his readers well, and now that he is a well-established, bestselling, and award-winning author in Norway, he travels around the country still meeting middle-grade students who now love his books.

Illustrator IDA SKJELBAKKEN was born in Norway in 1979. Her illustrations in the TROLLHEIM series have been very important for the fantastic reception and enormous success the books have achieved in Norway. The children say that they love her style. They think it's cool, realistic, and mature. Not visually childish like many of the other books they read, they say.
